

Infoterra GmbH Changing to Airbus DS Geo GmbH

Effective immediately, Infoterra GmbH will change as follows: Airbus DS Geo GmbH. Due to the volume of authorizations requiring amendments to reflect these changes, the Deputy Assistant Secretary of Defense Trade Controls is exercising the authority under 22 CFR 126.3 to waive the requirement for formal amendments to change currently approved authorizations.

All currently approved DSP authorizations identifying Infoterra GmbH will not require an amendment to reflect the change to Airbus DS Geo GmbH. A copy of this web notice must be attached to the currently approved license by the license holder.

Pending authorizations received by DDTC identifying Infoterra GmbH as a party to the license will be adjudicated without prejudice. A copy of this website notice must be attached to the approved license by the license holder.

New license applications received after **May 31, 2015**, identifying Infoterra GmbH as a party to the license will be considered for returned without action for correction to the new name.

A copy of this website notice must be maintained by the license holder and presented with the relevant license to Customs at time of shipment.

All currently approved agreements held by a third-party will not require a minor amendment to Technical Assistance Agreements per 22 CFR 124.1(d); name changes must be integrated in any future major Agreement amendment.

New DSP-83s do not need to be executed as a result of the name change.

Pending agreement applications that require amending must be brought to the attention of the assigned Agreements Officer by the agreement holder. The necessary changes will be made prior to issuance when the Agreements Officer has been notified.
